

PURPOSE:

To define the best practices for implementing and using *Hygenall® FieldScrub™*

POLICY:

Hygenall® FieldScrub™ should be used after Hazmat exposure or grossly contaminated after firefighting.

GENERAL:

- These are 100% cotton towels and are sufficient for decontaminating the entire body.
- Follow directions on back of package for recycling with *Hygenall®* or launder using 1851 compliant *ToxOff™* and use as a station rag.
