

ACCESSORIES

MIST RING

provides portable heat relief

- sprays a fine mist
- attaches magnetically
- uses standard NPT fittings for user customization
- separate on/off valve
- nozzle filter
- fits all BlowHard fans

Great for cooling work areas or setting up cooling stations for rehab

BH-20 DUCTING

excellent for confined spaces

- attach to front or back of fan for blowing or exhausting
- perfect for areas with no windows.
- works in stairwells
- 20" in diameter and 30' long
- connect additional ducting for extra reach
- compact cinch bag for storage

COMMANDO WHEEL KIT

makes transport easier

- wheels fold in
- adds 1 3/4" inches to the depth of the fan (from 10 1/4" to 12")
