

RANGER QUICK HARNESS™

An Incredibly Light, Fully-Featured Harness Designed for Backcountry Rescue

We've fused the lightness of a climbing harness with the utility of a rescue harness in the amazingly lightweight Ranger Harness. This harness combines security and comfort with full rescue features, but won't weigh you down. It's optimized for wilderness and mountain rescue, SAR, ski patrol, and other remote operations. The Ranger Quick Harness features aluminum AustriAlpin Cobra™ quick-release buckles on front leg loops for easy donning and doffing. Classified to NFPA standards.

- Aluminum AustriAlpin Cobra™ quick-release buckles on front leg loops
- Buckles are secure, fast to adjust, and cannot open while loaded
- Low-profile, flexible waist belt and leg loops feature breathable fabric
- Comfortable support while suspended along with optimum packability
- Ventral Load-Bearing Attachment Point rated to 16 kN (3,597 lbf)
- Rear Positioning Attachment Point rated to 13 kN (2,923 lbf)
- Work Positioning Side Attachment Points
- Lightweight aluminum D-ring accommodates multiple rescue-size carabiners
- Contrasting web thread color aids in inspection
- Side gear loops provide easy access
- Corrosion-resistant hardware
- Compatible with most chest harnesses
- UL Classified to NFPA Class II Life Safety Harness
- Leg Loop Circumference: 51-102 cm (20-40 in)
- Made in USA

Option	RANGER QUICK - SMALL
Item	202392
SIZE	SMALL
