3M™ Scott™ Vision C5 Facepiece with E-Z Flo C5 Regulator

See more. Hear what matters. Breathe easier.

Designed using a platform approach, the Vision C5 facepiece with E-Z Flo C5 regulator incorporates the latest technology to enhance situational intelligence, while providing a customizable solution to meet the changing needs of today's firefighter.

See more.

Wider field of view helps to improve situational awareness.

Hear what matters.

Bone conduction headphone helps enhance hearing and clarity of incoming radio communications.

Breathe easier.

Regulator design provides improved breathing performance.

See more.

3M™ Scott™ Vision C5 Facepiece

PPE Interface
Face seal provides wider landing area with ridges to help improve interface with protective hood.

Removable Head Harness
An easy-to-remove head harness aids in cleaning and serviceability and helps to provide a secure fit. Available in a 4-strap and 5-strap configuration.

Wider Field of View
Helps to improve situational awareness.

Single Reflex Face Seal
Designed for enhanced comfort and fit, as well as easier donning.

Dual Voicemitters
Enhanced voice transmission—exceeds STI requirements for NFPA 1970, Standard on Protective Ensembles for Structural and Proximity Firefighting, Work Apparel, Open-Circuit Self-Contained Breathing Apparatus (SCBA) for Emergency Services, and Personal Alert Safety Systems (PASS), 2025 Edition.

Cleanability
Removable head harness and sealed electronics enable ease of cleaning to assist with exposure reduction efforts.

Comfort
Designed for improved comfort and fit, as well as easier donning, plus updated regulator design for enhanced breathability.

Connectivity
Bluetooth® connectivity for improved communications, firefighter safety and fireground accountability.

Hear what matters.

3M™ Scott™ Vision C5 Facepiece

with Radio Direct Interface

Bone Conduction Headphone
Enhance hearing and clarity of incoming two-way radio communications.

Automated Voice Prompts
Provides verbal notification of changing system conditions.

Integrated Volume Switch
Adjust volume based on hearing acuity and environmental conditions.

Rechargeable Battery
Intrinsically safe lithium-ion battery.

Field Install Kit Available
Upgrade a standard Vision C5 facepiece with radio direct interface.

Radio Direct Interface
Wireless radio communications utilizing compatible radios

In-Mask Communications
Enhanced voice intelligibility during two-way radio communications

Single-Button Operation
Simple, intuitive operation for powering on/off electronics

Multipurpose Solution
Continuous operation when transitioning between tactical (on air) and non-tactical (off air) operations

Multi-Platform Solution
Approved with compatible 3M™ Scott™ Air-Pak™ SCBA and compatible two-way radios

Software Configurable
Modify settings using iOS or Android™ compatible mobile applications

Communications

Cutting edge bone conduction vibration technology and in-mask microphone helps to enhance two-way radio communications for improved situational awareness.

Configurability

Modular design offers a scalable solution to meet the needs of municipal and volunteer fire departments.

Breathe easier.

3M™ Scott™ E-Z Flo C5 Regulator

Recessed Heads-Up Display
Helps improve downward view through facepiece

Key Features

Enhanced Breathability
Helps reduce user burden and improve operational efficiencies.

Enhanced Communications
Reduced frequency Vibralert EOSTI helps improve two-way radio communications.

Expanded Heads-Up Display
Additional status icons provide visual alerts to SCBA wearer for electronic personnel accountability report (ePAR), EVAC and System Integrity Alarm (when using 3M™ Scott™ Air-Pak™ XD SCBA configured with 3M™ Scott™ SEMS 3.0 Wireless SCBA Telemetry System or 3M™ Scott™ Air-Pak™ X3 Pro SCBA configured with 3M™ Scott™ SEMS II Pro Wireless SCBA Telemetry System)

Auto Air-Saver
Simplifies operation when doffing the regulator and helps to prevent inadvertent air loss during removal from the facepiece.

External "Buddy" Lights
Assist with remote identification of a user's SCBA air remaining.

Proven Design

Quarter-Turn Design
Provides secure connection to the facepiece.

Vibralert End-of-Service-Time Indicator (EOSTI)
Audible and tactile low air warning for immediate recognition on the fireground.

Air Spray Bar
Provides separate inhalation air path and helps to reduce fogging during use.

3M™ Scott™ Vision C5 Accessories

Rechargeable Battery
Intrinsically safe lithium-ion battery.

2-Bay Charger
Simultaneously charges two batteries.

Power Supply
AC/DC supply or hard-wired connection.

Multipurpose Solution
For use in a vehicle-mount or desktop application.

Configurable Solution
Daisy-chain compatible to simplify installation.

Field Install Kit
Upgrade a standard Vision C5 facepiece with radio direct interface communications.

Part Number	Product Description
70-0020-0994-5	Vision C5 , RDI Only, Installation Kit
70-0020-0995-2	Vision C5 , RDI with BCH, Installation Kit

See more. Hear what matters. Breathe easier.
